

9th October 2020

Dear Families,

I hope this finds you all well and having had a lovely week. Thank you once again for your continued feedback and communication with the school. As ever can I please ask that you keep an eye on ParentMail as this is how all key communication is shared.

I wanted to make you aware of the most recent self isolation advice from Norfolk Children Services. Children should only isolate if:

- the child has symptoms and is awaiting a test
- or they have tested positive
- or somebody in the household or support bubble has symptoms or has tested positive for COVID 19 themselves
- or a child has been identified as a contact of a positive case

I have also attached Norfolks Test and Trace leaflet for guidance regarding the current situation.

Here are some reminders for all families:

- All families must follow the national COVID-19 guidance that can be found here:

<https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>

- If you have symptoms of COVID-19:
 - a new continuous cough
 - a high temperature
 - a loss of, or change in, your normal sense of taste or smell (anosmia)

The household needs to isolate and seek a test immediately. The school must be informed of this action and outcome.

We look forward to seeing you all back on Monday,

Best wishes,

Mr Burt
Vice Principal
